

Appendix F

Please return this form to a School Owner/Chief Instructor by (insert date).
Failure to return by this date will result in us accepting that you agree to the procedure stated below.

Drop-off/Collection of students under the age of 18

If a parent/carer does not stay and watch class then South Coast CKD will adopt the following procedure:

- South Coast CKD accepts responsibility for the student once they enter the Dojang, but not before, ie when they are dropped off in the car park before class.
- If a student is of primary school age then they will not be allowed to leave the Dojang unless a known adult is there to meet them.
- If a student is of secondary/college age then they will be allowed to leave the Dojang without an adult, however South Coast CKD's responsibility will end as soon as the student leaves the Dojang.
- A South Coast CKD instructor will remain at the venue until all students under the age of 18 have been collected, or have left the venue to make their way home.

Please state your agreement to the above:

Student's Name _____

- I agree to the above procedures with regards to drop-off/collection of my son/daughter
- I DO NOT agree to the above procedures with regards to drop-off/collection of my son/daughter. If this is the case then please advise below a procedure that you would like South Coast CKD to follow:
